

BRAUN - L2 Speaker, 1958

1958 Design by Dieter Rams

details

The L2 loudspeaker - Design: Dieter Rams 1958 for Braun.

The layout of the L2 Speaker Front is a masterpiece of design. The actually very solid body - standing on the filigree base - almost seems to float. This rarity among loudspeakers is also called a "washing machine" among Braun enthusiasts.

Good used condition, all original and fully functional.
